### *Explanation.*

Having undertaken to put such information as I possessed in relation to the Stamps of the United States in shape for Publication for W. Moxes I began by examining every stamp publication in my possession to ascertain what had already appeared in print upon my proposed subject. The references to these passages arranged under the various issues in their chronological order and brought down to date comprise this Index.

A Chronological Index of the various Stamp Journals, with their publishers

each followed by the Abbreviation used<sup>d</sup> by which it is quoted, A table of the Abbreviations and numbers of the Journals they designate is followed the list of the Stamps, postal envelopes, post cards, Document Proprietary, Card, Private medicine Card and match stamps and their varieties with citation of the various Journals mentioning each in order. The Index is very nearly if not absolutely complete, but in so many quotations there are doubtless some errors. It may be of use in occasional study of some doubtful point.

St Louis Jan 1881.

Note. These stamps being found on four varieties of paper, the following arrangement has been adopted in this list. After the name & value of each stamp the letters O. for old, S for silk threaded, P for pink and W for water marked indicate the special papers on which the stamp is known to exist. Similar letters after the citation denote the

United States Private Proprietary Stamps.  
papers on which the passage says the  
stamp exists. These are not always correct.
